

HORATIO HOUSE INDEPENDENT SCHOOL

ETHOS, MISSION AND AIMS

At Horatio House, our ethos is for everyone to achieve our very best through commitment, challenge and realistic expectations.

Our mission is to provide a happy, caring and welcoming environment, where the contributions from every individual are valued and success is celebrated.

We hope to provide a learning environment, which enables every student to have the opportunity to achieve their best and to have self-belief in their own worth.

We could not deliver our mission without the valuable contribution and involvement of the Parents, carers, guardians, Governors and wider community in supporting the aims of the school.

We aim to enable each pupil to:

- communicate and interact effectively with others and the world around them
- become independent learners
- value themselves and their own achievements and accept and show tolerance of others
- enjoy being part of the school community
- participate in and contribute to, the wider social community
- lead a safe, happy and fulfilling lifestyle
